"PUSS TOMEINSON."

Her Address to a Regiment of Union S.

From the Richmond (Ky.) Register. We publish an address made by Mrs. Bolknap, then Miss Puss Tomlin-son, in Decamber, 1861. It was de-livered upon the occasion of a flag presentation to Colonel (now General) W. J. Landrum's regiment of Kentucky volunteers at Harrodsburg, when they were starting for the war. The flag was made by the ladies of the place, and Miss Tomlinson was selected; on account of her well known Union sentiments, to present it. The appro-priate and well-timed address was as

"It is with feelings of unbounded pride and pleasure that I become the transmitter of this handsome banner to as gallant and chivalrous a regiment as this. To you the loyal officers of Mer-cer bequeath the gift—believing that you will never allow any unhallowed hand to trail it in the dust; but keeping it high aloft, it will ever lead on to victory, borne by your own brave soldiers! Soldiers! a glorious cause is yours. The God of Battles will suport you do you only act. your part. It is indeed a time to try men's souls. In the coming contest remember God behind will bear on their prayers to Jehovah's throne, And should success crown your march to meet the invaders of Kentucky soil-and crown it it must—how proudly can you return and be wildly welcomed by those whom you go so nobly to defend. Should one faint heart falter, look up for a mont to the Stars and Stripes and be filled with renewed courage, and never, never for a moment les it be torn from your grasp by those who would dis-grace it. Should it be the means of encouragement to you in the din of battle, and wave over victorious fields which your bravery and gallantry have won those who have so willingly be stowed it will feel amply compensated. In their names, with peculiar pleasure do I present it....It is yours."

Mr. J. C. New thinks he can daw more money as cashier of an Indianap olis hank than as Treasurer of the Uni ted States. "So far he has had 13,000 salary, paid \$5,000 for living expenses, and made good a peculation of \$3,000 by one of his employes. committee I returned to day from Washingt n arriving at 2 p m As I journey d, I found most infamous reports regarding my testimony before the Clymer com number of my neighbors, and that I mony in any sense material. Further, I will say in the absence of General Hedrick and the Leightons, that I know the latter never stated before the committee that they ever paid General Hedrick one farthing to obtain any post That the testimony is guessed at, and mercilesely and maliciously garbled in the reports to such an extent as to astonish a man of any sense of honor The outrageous manner in which Democratic reporters unblushingly lie is evident from the atterly false report they made of my testimony, which was given publicly, and must have been purposely misstated.

WASHINGTON, D. C. March 31.-Gen. Bubcock, Mr. Luckey and Mr. A. Bradley pronounced the statement the detective, given to-day before the Committee on Expenditures in the War Department, as being a tissue of falsehoods from beginning to end.— They denounce Bell as utterly unworthy of belief, and say they have been aware for some time that Bell has been trying to dispose of this same story to any one who would become a purchaser.

PEORIA, ILL., March 31.—Hon. John Hamlin, who first settled this city, and a man extensively known throughout the West, died here last night of old age. He was born in Massachusetts in 1800; moved to Cincinnati in 1819, and in 1821 reached what is now Peoria He established himself here, traded with Indians, and acted as agent of the American Fur Company, In June, 1823, he performed, at Fort Dearborn, the first marriage ceremony even held in Chicago In 1826, he put a steumboat on the Illnois Raver between St -Louis and Peorm, the first ever established in that trade In 1831 he was elected to the State Logislature, and in 1836 he was sent to the State Senate, to which body he was also returned in 1838 He has been a director in the Second National Bank of this city, since its organization in 1864 He leaves quite a large estate The tuneral services will be held on Sunday

WASHINGTON, D O, March 31 Some very sensational and very important testimony, if it can be corrob orated, was given before the Civmer Committee to day by a witness named C. S. Bell, who swore that he was employed by Babcock to go to St. Louis\_ and destroy whatever documentary evierning the prices of our products, than dence he could obtain which he thought might implicate him in the whicky frands. He further swore that the President also employed him to go to St. Louis and report to him privately if Babcock were really guilty. He freely acquitted the President of any other motive, but insists that he was employed by Babcook to prevent, if possible the conviction of the latter, and that he visited St. Louis for that purpose, saw Dyer and told him his mission, but failed to accomplish much. The testi-mony is doubted by a good many, but the names -and dates make it plausible. There is no doubt but the witness was in St. Louis. Babcock, Dyer and Pierrepont have all been summoned to tell what they know about the wife

With this week the Treasury will cease to issue new fractional currency, except in payment of change in business transactions: 'The allver bill passed the House, but may be amended in the Senate, and so a week at least will slapse before the bill can be finally acted upon. It is estimated that the possible loss by the wear of the old currenoy will be fully \$1,000,000.

PARIS ILL March 21 Harry Johnson, the convicted murderer, was brought into court this afternoon to receive sentence The building, and even the doorway and windows, were packed and througed by an leager and excited crowd. A motion for a new trial was made and argued at considerable length, but it was overruled by Judge Davis. The Judge, then, in a solemn and impressive manner, sentenced the unfortunate man to be hanged on Friday white 23. It is generally thought here that histore the day of execution, Johnson will confess in regard to other orimes, and will implicate with universal approval.

guilty on the first four counts of their indictment." The four counts on which Pahlman and Rush were found guilty by the ju-

ry in the United States court this morn ing, charge · First, That defendants being distil-

lers, distilled one hundred thousand gallons of spirits subject to tax, with intent to defraud the United States out of the tax thereon. Second and Third. That defendants

carried on the distilling business and removed spirits subject to tax and on which the tax had not been paid, to other warehouses than provided by law. Fourth, That they engaged in un-

lawful conspiracy to put on the market fifty thousand proof gallons of distilled spirits, subject to tax, without paying tax, and thereby defrauded the United States of the tax thereon.

The fines and imprisonment on these four counts if aggregated, would be in the minimum \$2,400 fine, one year's imprisonment, and a fine equal to twice the amount of the tax. Under the second and third counts, the maximum would be a fine of \$25,000 and impresonment for ten years each. Mr Storrs entered a motion for a new trial, and buil was fixed at \$15,000 each. The two counts on Pahlman and Rush were not found guilty, are those which charge them with conspiracy with Ford, Oliver

MEMPRIS, TENN., March 31 .-- A special from Jackson, Miss., to the Avalanche, says the Republican state convention adjourned at 2 o'clock this afternoon. The delegates to the Cincinnati convention are not instructed, which is considered a victory of the conservative republicans. Among the One Evening Only. delegates are Ames, Alcorn, ex Covs.
Sowers and Bruce. The delegation is
divided between Bristow, Blaine and
Morten, the majority being inti-Morton. It was the most respectable: republican convention ever held in the state, but proceedings. were salisardarly, the lie frequently passing and personal riclence being several times threatened. Pinchback spoke, culogising Morton.

We have had reason, several times, to speak of the so-called judgmendent movement throughout the country, and especially in the west, where it had a very considerable run two years ago, very considerable run two years age. The Hon. Montgomery Blair, in his letter advocating the nomination of Gov. Malleious Mischief.-Complaints are quite general in the city from citizens who have picket fences around their premises to the effect that the pickets are frequently torn off and broken or carried away. This is probably done by evil disposed boys, who are actuated by pure deviltry, and we hope some of them may be caught at their tricks, in which case a good remedy to apply would be to use up a picket or two over that part of their corporeal frame on law but that of force, and no principle . Choice fresh vegetables at Imbo but that of fear, will have any effect upon a set of scamps that are low enough to do that kind of mischief. Persons suffering from their prunks should do a little "picket duty," as above suggested.

The advantages of this Pump over many others are many. The Chain being button less, it is much lighter, consequently it is not liable to break, and works much easier. The HUBBER EUCKETS which are attached to the Chain will not wear the Tubing, consequently it will less longer than whon Metal Buttons are used. It is, positive WATER PURIFIER, as each Bucket is const ucted with an AIR CHAMBER, which carries a given quantity of pure air into the water, which immediately diffuses through the entire body of water, purifying and cleaning, and rendering it fit for use.
